3

4

WHEREAS, The Tennessee PTA recognizes that school buildings and facilities represent a considerable investment of public funds; and

5

6

7

WHEREAS, It is economically desirable for such buildings and facilities to be used outside the school day, school week, and the school year; and

8

9

10

WHEREAS, More children need the services of before-school and after-school care; and

11

12

13

WHEREAS, The summer months should be better utilized for remedial, accelerated, and enrichment opportunities; now therefore be it

14

15

16

RESOLVED, That local PTAs urge local boards of education, in cooperation with administration, teaching staffs and parents, to design and pilot programs which meet the varying needs of students and provide additional learning and recreational opportunities for students and community members.
